PER MONTH

We CAN provide a **Managed Solution** for you

*All prices exclude VAT. Top speeds can vary significantly, in particular because of a user's distance from their local exchange. Non business traffic may be restricted within business hours in order to protect legitimate business traffic. More specifically we may restrict peer to peer and news group traffic from 9am to 6pm. Applied to 90% of the time for MAX achieving speeds above 2272Kb/s. All above prices are or service without the supply of a router. If you would like us to supply a fully configured managed router there is an additional charge of £5.00 per month. There is a standard one off connection charge of £49.99 with all ADSL connections. If you would like to purchase a router and filter also, it is a standard one off charge of £99.00.
